Dear Sir/ Madam,

Sub: Intimation with regard to Red Dot Design Award 2020 bagged by Focus Lighting and Fixtures Limited.

We are glad to announce that Focus Lighting and Fixtures Limited (Symbol: "FOCUS") is the recipient of the prestigious "Red Dot Design Award 2020" for our Magnus Spotlight series.

The Red Dot Award is an international design competition for product design, communication design and design concepts. Started in 1955, today Red Dot is one of the world's largest design competitions.

We are truly honoured to receive this globally prestigious and influential design accolade. This is a significant milestone in our journey to deliver world class designs and innovative breakthrough products which are made in India.

Magnus Spotlight is a premium product range which offers excellent visual comfort & experience with high energy efficiency. The luminaire is highly comforting given the UGR (Unified Glare Rating) being very low at less than 10 and the capability to auto adjust color temperature of light changes from warm to cold or vice versa. The retailer doesn't have to replace fixture for reducing the light output.

Magnus Spotlight range includes recessed spotlights, swivelling ceiling substructures and track-mounted spotlights. All featuring flexible contours depending on the layout and number of LEDs and reflectors. The housing surface is made of anodised aluminium and available in black and white finish. The dimmable LEDs are embedded in micro-faceted reflectors that emit the light evenly and without glare.

Corporate Office

Focus Lighting & Fixtures Limited
A 1007-1010, Corporate Avenue
Sonawala Road, Goregaon East
Mumbai 400063 India

CIN L31500MH2005PLC155278

Works

H. No. 786, C6-07,
Bhumi World Industrial Park,
Mumbai-Nashik Expressway,
