

# Perdu 6x

## Trimless Downlight 10mm (Wide)

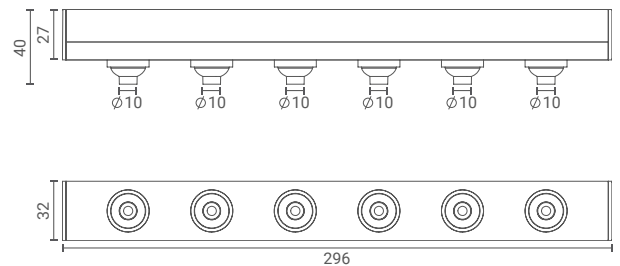

Introducing ceiling- trimless Downlight that highlight the desired subject or place and provide optimum illumination by being nondescript.

The simplicity of its form provides smooth integration in architectural features.

### Product Specs :

|                        |                                       |
|------------------------|---------------------------------------|
| Model name :           | Perdu 6x Trimless Downlight 10mm Wide |
| Weight:                | 230gm                                 |
| Certificate Available: | Self Declaration Certificates         |
| Colors Available:      | Black / White                         |
| System Lumen:          | 1367 lm                               |
| System Wattage:        | 21 W                                  |
| DC Current:            | 500 mA                                |
| Efficacy:              | 66 lm/W                               |
| CCT(K) :               | 5700K                                 |
| CRI:                   | > 90                                  |
| Bining:                | ≤3SDCM                                |
| Lifetime:              | L80/B10 (>50,000hrs@Ta-30°C)          |
| Beam Angle:            | 51°                                   |
| IP Rating:             | IP20                                  |
| UGR:                   | <19                                   |
| Efficiency:            | >75%                                  |

### Driver Specs :

|                             |                                    |
|-----------------------------|------------------------------------|
| Input:                      | 220-240V ~50/60Hz                  |
| Integrated / Non-Integrated | Non-Integrated                     |
| Driver Type:                | On-Off/ Dali 2.0/ DT8/ BLE/ AD/ TD |
| THD:                        | <10%                               |
| Tunable & Dimmable:         | Yes                                |
